PLAYGROUND EQUIPMENT

Whether you're a park director, landscape architect, business owner, teacher, parent or church minister, Churchich Recreation & Design's knowledgeable consultants will help make your recreation area a reality. They're committed to creative, innovative, unique designs with maximum attention to safety, quality, aesthetics, and play value.

Miracle

Whatever your commercial playground equipment requirements, whatever the budget or space, Miracle offers a myriad of modular play events to personalize your playground. And, as your needs change or grow, making updates with Miracle is simple and seamless.

CHURCHICH RECREATION is a full-service, turnkey provider of innovative, reliable and safe playground experiences, a trusted partner for school & park administrators and landscape architects throughout North and South Carolina.

Our Commitment

We value superior customer service, thorough and precise project management and the capacity to listen to your needs and requirements. As a family, women-owned business, we know the worth of trust and reliability, and those priorities – along with our tireless work ethic – give us the competitive edge. Our quality recreational projects are known throughout the Carolinas.

We're Recognized for Our Longevity and Experience

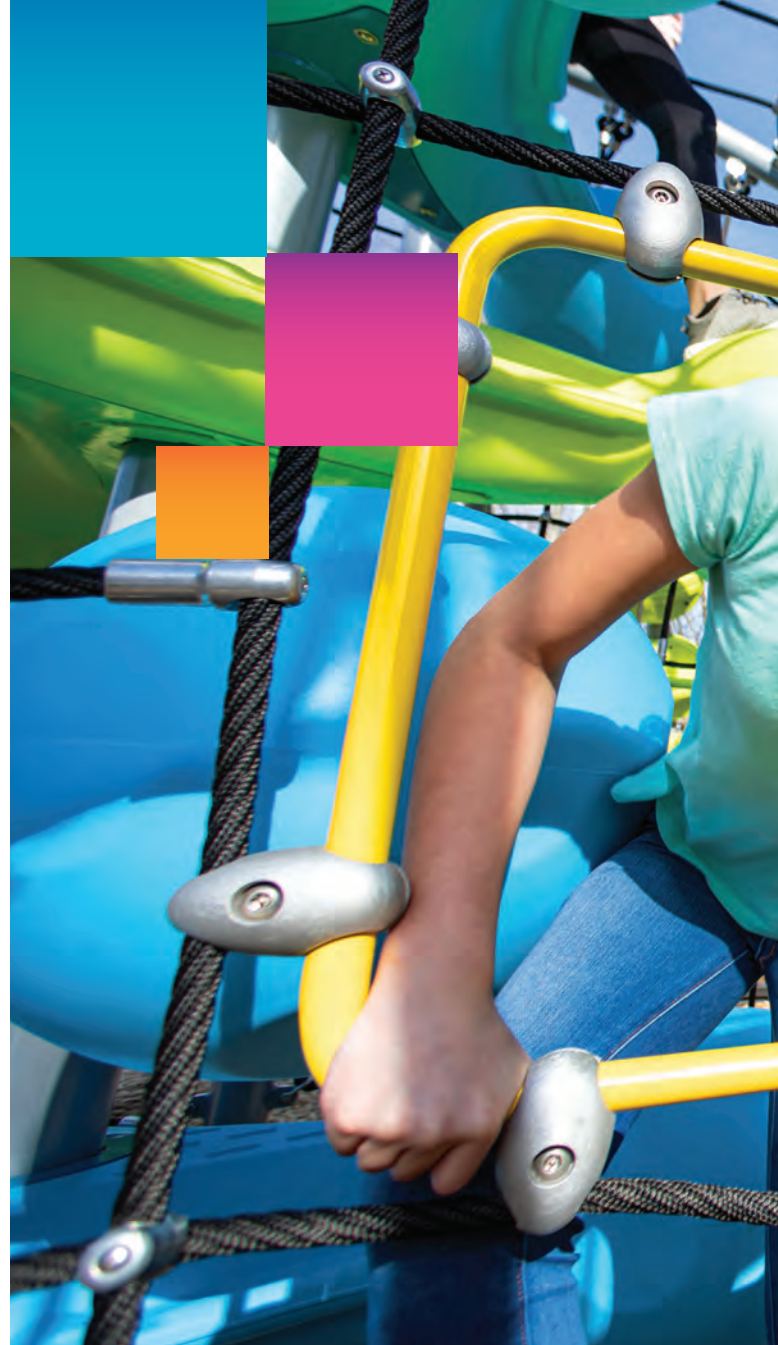

Since 1966, Churchich Recreation & Design has represented one of America's oldest and largest recreational equipment manufacturers, Miracle Recreation. We know our products and how to reach the solution to fit each customer and each project. Let us commit to you.

Our Services

From the placement of your order to project installation, maintenance and upkeep, Churchich Recreation & Design commits to you with our portfolio of services to provide long-term value. Our collaborative consultation process ensures we work with you to find the best solution for your needs and project timetable. After our NPSI-certified installation crew has finished single-handedly constructing your project on-site, Churchich Recreation can provide thorough project audits to ensure continuing value and safety for years to come.

Playground Equipment

Installations of every size, shape and color can transform your site into a destination built for creativity and durability. You can rely on Churchich Recreation & Design's unparalleled experience in project management from concept to construction to make your customer experience as fun as our products.

ARTIFICIAL
TURF

Low-maintenance ground cover provides high-traffic areas with the look of beautiful, green grass.

Drainage is Key to Success

Proper drainage is the key to a successful turf installation. Our crews will assess and add what is needed to ensure there is no standing water once turf is installed. We use a mix of compacted stone bases to prevent sinkholes as well as a pad to keep from feeling the crush of stone under your feet.

Warranties Provide Peace of Mind

We offer a 20-year warranty on the pad plus a 7-year warranty on the Shaw Play 50 Sports Grade Turf. To finish off our installation, we use an infill of silica with a Hydrochill treatment. This fill will reduce the heat on the surface by about 30%.

Churchich Recreation & Design provides outdoor furnishings and accessories that combine function and style to enhance any and every environment. Strengthen your site with cleanliness and modernity with a vast assortment of models, materials and features to meet every need and climate.

AMENITIES

SHADE

Churchich Recreation & Design provides fabric, steel and wood shelters that keep you cool and enhance your surroundings.

Churchich Recreation & Design partners with you from beginning to end to ensure safety, quality and an innovative experience for your patrons. We value our customer relationships, and we'll work to cultivate them long after your project is installed. We're dedicated to our products' durability and quality because we know after-the-sale service is our responsibility to you. We're proud to continue serving communities across the Carolinas.
